

At Your Service Meal Program - Taking Hospital Food To A Whole New Level

Congratulations and welcome to our new and exciting room service meal delivery program for patients and guests. You are invited to a very unique dining experience designed with you in mind and modeled after hotel room service.

How It Works

To order, review your menu on your bedside table, make your selections then call our guest services at ext. 5555. You may call and order food between 6:30 a.m. and 8:00 p.m. along with our night owl express menu offered between 8:00 p.m. until 6:30 a.m. Your food will arrive within 30 minutes after you place your order. If you need assistance placing your order, your nurse or our dietary associates will help you.

If you are on a modified or restricted diet, our guest services associates will help you with your selections when you call. You may also notice symbols on the menu such as a heart for the cardiac diet and a salt shaker for a reduced sodium meal.

Your guests may order food from the guest menu on your bedside table. A dietary delivery associate will take payment for their meal in the form of cash or check. Or, your guest can come to our cafe and pay with a credit, debit or a gift card purchased at the register.

Thank you for providing us the opportunity to serve your food when you want it by utilizing the very effective customer service model of room service meal delivery.

Bon Appetit!

Additional Services

- Patients are welcome to order beverages and crackers from the floor pantries. Please ask your nurse for what is available.
- Guests are welcome to visit our "Culinary Cafe" which offers a variety of items between 7:00 a.m. and 2:00 p.m. daily.
- Vending machines are located in the lobby near the cafe entrance and the birthing center lobby.
